Teddy,

As discussed in Cabinet, these contract lengths are to be modified in length, not salary.

Thank you,

Suzanne

Hi Suzanne,

I have a list of EARs to modify contract lengths from 247 to 237 for a group of Administrators.

Would you please confirm if the intent is to keep the salary contract amount for the year the same with less days or are the salary contract amounts supposed to be reduced along with the days?

I think we will need this confirmation before those contracts are released.

Thanks,
Teddy
